

1087 – 6<sup>th</sup> Avenue  
Prince George, BC  
V2L 0E5

Dear Homeowner,

We would like to take this opportunity to thank you for your business. We are proud of the product that we have built for you and we hope that you will find comfort and peace within your new home.

At the beginning stages of getting to know your new home, you may notice slight deficiencies; even after your final walkthrough. Please address these items to your Property Manager as they will be assessed and taken care of in a timely manner.

**CML Properties**

**(250) 372-1232**

As your new building settles/dries out you may notice small cracks and pops within the drywall. This is part of the drying out process of the wood and drywall and will most likely appear within the first 6 months of ownership.

Enclosed is our online care and warranty package customized to your new home. In this electronic booklet you will find all the necessary information about what went into your home, including contact information of our sub-trades, and warranty and care instructions of products that were used.

Thank you,

A handwritten signature in blue ink, appearing to read "Jeff Arnold", is written over a light blue horizontal line.
